Dear Sir/Madam

Thank you for your recent enquiry to organise an event at Crackshots, enclosed is all you require to organise a fantastic day out at a venue you can trust.

**The Day** - On arrival we will issue –Two-piece padded overalls with Hood - Goggles – Armband – Paintballs – Semi-auto marker gun followed by safety briefing on the game play, and safe operation of the weapon then out for a battle to remember!

We have many game scenarios such as; Rescue "Gladys" in the village, Bridge "siege" with two bridges, Zulu, Maze, Hamburger hill, Amazon, Storm the Castle plus others, you require 14 players or over if you would rather play as just your own team and not mixed with others. We organise junior days for the under 16s. (Minimum age is 11 years old)

**The Game** - The site is situated on the "earthworks of an Iron Age encampment" and armed with the very latest Semi-Automatic gun, you will stalk the enemy to capture their flag, and return to your base while forming a defence of your Own flag. On a full day you will play about eight to ten games, half day or evening you will play five to six games so if you do get shot you will soon be back in the action, we at Crackshots always use top quality paintballs, and are one of the softest grades on the market, water based so wash away easily.

**Safety** - We understand that safety is a very important issue and we have a perfect safety record in over 12 years of operating, we only use experienced Marshals to oversee the game in action. Padded two-piece Camouflage overalls with hood are available to all our players, with full-face protection. We can offer you multi activity days on one venue, through our sister company Devon Country Pursuits.

**Organiser Offers** - Crackshots understands that it takes dedication and time to organise a team of people, and to reward you for all that hard work as organiser we offer you the following,
